Course #IBD08E

1 AIA LU/HSW CE Hour

babcockdavis.com

© Babcock-Davis 2021

This one-hour course explores commercial wall and ceiling Access Doors, their purposes, locations and applications. You will learn design considerations and factors including fire-ratings, materials and hardware. We will also discuss code, compliances and LEED requirements necessary for specification.

Who Should Attend?

Architects • Building Owners • Specifiers • Interior Designers • Engineers
